# Merenkulun HarjoitteluMylly ry

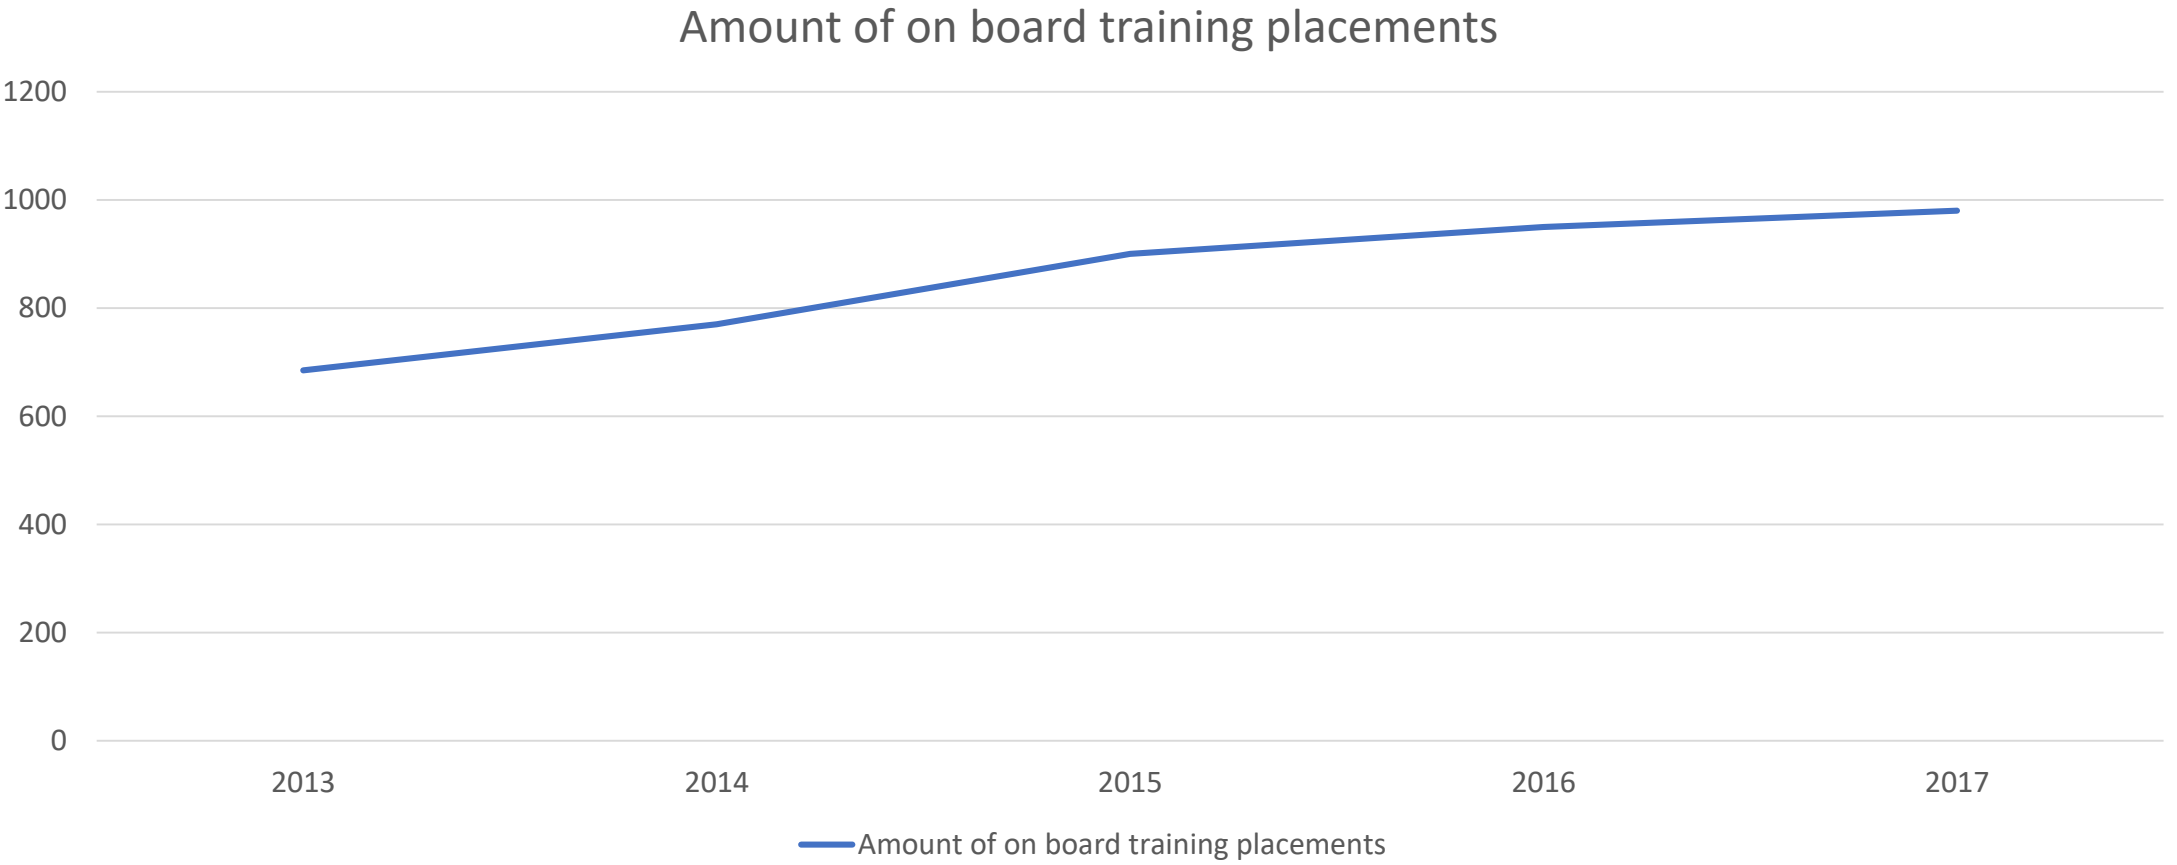

- Finnish Shipowner's Association started the project in year 2012 to help the distribution of on board training between all the Finnish Maritime academies.
- The Apprentice Mill as an independent association was established in year 2015.
- Same rules apply for all students, vessels and shipping companies
- The most important cooperation partners are every academy's on board training responsible teacher as well as the vessel's onboard training instructors.
